This building is most easily reached from Helena Avenue and sits in between the Steamboat Block and Capital Laundry. Its most distinctive features are the corner entrance with the bright blue awning and the corner tower.

Here's a map:

Point A is the Neighborhood Center at 200 South Cruse.
Point B is the Jackson Street Center at the corner of Jackson St. and Helena Avenue.

Driving Directions:

If you are at the Neighborhood Center, you will go north on Cruse to the corner of Helena Avenue, Cruse and Last Chance Gulch. You will then turn right on Helena Ave and go to Jackson Street. The Jackson Street Center will be on your left. You can reach all programs through the corner door with the large blue awning. There's parking directly in front of the building and on the northeast edge of Jackson Street.
